### School Priorities for Development 2021/22 SIAMS

#### COMMUNITY – PEACE – WISDOM – HOPE – DIGNITY – JOY

Good → **Excellent**

**Summary  
findings from  
SIAMS  
April 2018**

**The distinctiveness and effectiveness of Nutfield Church as a Church of England school are outstanding**

The loving Christian ethos encourages the whole school community to flourish and ‘live life in all its fullness’.

Inclusive, relevant collective worship, where pupils increasingly plan and lead, strongly promotes spiritual, moral, social and cultural development.

High quality Religious Education (RE) inspires learners to reflect, think deeply and respond acquiring a thorough knowledge and understanding of Christianity and other faiths.

The recently awarded RE Gold Quality Mark confirms strong achievement and progress.

Creative, loving and nurturing community life demonstrates to all groups that they have a part to play in the development of their school, for example, through carefully planned monitoring and evaluation. This leads directly and convincingly to effective strategies for improvement and maintains a strong focus on meeting the needs of all learners. Standards are high.

Leaders consistently and confidently articulate, live out and promote the school’s Christian vision and values and invite the school and wider community to be part of future growth and development

**Strand 1: Vision and Leadership**

**The effectiveness of the vision and leadership of the school as a church school is outstanding**

**Evaluation statements**

**In this strand the following must be explored:**

How well the school has developed and implemented an inclusive and distinctive Christian vision.

How well the school lives out that Christian vision in relationship and partnerships.

**In developing vision and leadership in a Church school, the school must evaluate:**

- a) To what extent is the school’s vision and its associated values grounded in a clear theology firmly rooted in Christian narrative? To what extent do leaders show awareness and understanding of current thinking in Church school education?
- b) To what extent does the school’s Christian vision shape school policies and Church school development plans? How is priority given to collective worship and to religious education (RE)?
- c) How well do leaders ensure that the school’s formal partnerships are supported, sustained and informed by the school’s Christian vision and associated values? This includes how well school leaders work with the local diocese and churches.
- d) How well do leaders ensure that all staff members at all levels are supported in the development of their understanding of the school as a Church school? How well are future Church school leaders prepared and supported through professional development leading to improved practise?
- e) How well do governors ensure that a robust and continuous self-evaluation process is in place that involves the school community in evaluating their effectiveness as a Church school?
- f) Have the recommendations from the previous SIAMS inspection been addressed and brought about positive outcomes for pupils?

**Strand 6: The impact of collective worship**

**The impact of collective worship on the school community is outstanding**

**Evaluation statements**

**In this strand the following must be explored:**

The ways in which collective worship is an expression of the school's Christian vision.

**In developing collective worship that is inclusive, invitational and inspiring the school community needs to evaluate the extent to which worship:**

- a) Offers the opportunity, without compulsion, to all pupils and adults to grow spiritually through experiences of prayer, stillness, worship and reflection.
- b) Enables all pupils and adults to appreciate that Christians worship in different ways, for example using music, silence, story, prayer, reflection, the varied liturgical and other traditions of Anglican / Methodist worship, festivals and, where appropriate, the Eucharist.
- c) Helps pupils and adults to appreciate the relevance of faith in today's world, to encounter the teachings of Jesus and the Bible and to develop their understanding of the Christian belief in the Trinitarian nature of God and its language.
- d) Enables pupils as well as adults to engage in the planning, leading and evaluation of collective worship in ways that lead to improving practise. Leaders of worship, including clergy, have access to regular training.
- e) Encourages local church community partnerships to support the school effectively in developing its provision for collective worship.

**Strand 7: The Effectiveness of Religious Education**

**The effectiveness of the religious education is outstanding**

**Evaluation statements**  
**In this strand the following must be explored:**  
 How effective the school is in ensuring pupils flourish through the provision of high quality religious education reflecting the Church of England Statement of Entitlement.  
 How effective the school is in ensuring that religious education expresses the school’s Christian vision.  
**In developing effective religious education, a school must evaluate the extent to which:**

- a) Through effective curriculum planning, RE provision reflects the Church of England Statement of Entitlement, or Methodist equivalent, develops religious literacy and meets statutory obligations.
  - i. How well does RE help pupils to know about and understand Christianity as a living world faith through the exploration of core theological concepts using an approach that critically engages with text? How well does RE help pupils consider the impact and connection that Christianity has on Britain’s cultural heritage and the lives of people worldwide?
  - ii. How well does RE enable all pupils to develop knowledge and understanding of other major world religions and world views and their impact on society and culture?
  - iii. How well does RE give pupils a safe space to critically reflect on their own religious, spiritual and/or philosophical convictions?
- b) Do teachers share effective practice locally and regionally and engage in professional development? Does RE have in place rigorous systems of assessment?
