

Year 3 Homework letter - Friday 5th March 2022

Please do continue to collect money for the Southwark Diocesan Lent Appeal. Information about this can be found in last week's homework letter.

English:

This week Year 3 continued to look at 'The Invisible' By Tom Percival. This book is being covered by every year group as part of our book week celebrations.

This week we looked at sequencing the story to prepare us for writing our own Invisible story. On Wednesday we planned our own story based on problems individuals across the world face on a daily basis. Finally, we wrote and then performed our narratives to the rest of the Year 3 class.

Maths:

Last week we learnt how to use the formal division method. This week we used this method to support our learning on fractions. We divided our whole quantity by the denominator to calculate 1 part of our fraction. Then using the formal multiplication method we multiplied our division answer by the numerator to find the answer to the question.

$$\frac{2}{3} \text{ of } 69 = 46$$

$$3 \overline{) 69}$$

$$\begin{array}{r} 23 \\ 2 \times \\ \hline 6 \quad (2 \times 3) \\ 40 \quad (2 \times 20) \\ \hline 46 \end{array}$$

Dates:

St Patricks Day— Thursday 17th March

Comic relief day-Friday 18th March

Parent and Carer Evenings-Monday 28th March,

Tuesday 29th March and Wednesday 30th March

3.30-6.00pm

Rescheduled Year 3 Collective Worship: - Wednesday 30th March

We hope you all have a restful weekend.
Mr Bowen, Mrs Boyle and Mrs Young.

Homework

Maths: This week's Maths homework will be set on MyMaths. The task is related to fractions. The MyMaths logins can be found inside their homework books.

Multiplication: Please use Times Tables Rock Stars to help improve your child's understanding and knowledge of these. Do spend as much time as possible accessing times Times Tables Rockstars as it's a fun and interactive way to improve their fluency.

Science: This term in Science we will be looking at plants. I would like you to research the parts of the plants you discovered in last weeks homework. I would then like you to research using books or the internet to discover the function they provide for the plant.

Spellings: Use the sheet provided to complete this week's spellings. An optional quiz will also be set on PurpleMash to complete.

Easter Gardens

St Peter and St Paul's Church are inviting the children to create an Easter Garden at home. Similar to the Nativity scene at Christmas, an Easter Garden is the recreation of Christ's tomb. It has three essential features: a mound with at least one cross to represent Calvary; a stone or stone structure to suggest the empty tomb; and lots of live greenery and flowers. Easter Gardens should be brought into school on Monday 28th March so the Faith Team and Rev Phe can judge them on Tuesday 29th March. They will then be displayed in the hall from Tuesday 29th until Thursday 31st March where there will be an opportunity for each class to visit the hall to look at the different creations. The winning entry will be announced in our Easter Service on Thursday 31st March. We welcome individual entries or joint entries with siblings or friends! The gardens will be taken over to St Peter and St Paul's Church on Friday 1st April where they will be on display over the Easter period. If you would like to find out more about how to make an Easter Garden, RE Quest have made a short presentation you could watch: <https://request.org.uk/resource/restart/2017/02/23/make-an-easter-garden/>
