

Year 1 Homework Letter - Friday 10th June 2022

All the children completed the 'Phonics Screening Check' this week and we are immensely proud of them for demonstrating the skills that they have learnt so well.

English

This week we have started a new unit linked to the book 'Julian is a mermaid' by Jessica Love.

The children discovered a letter that is about being yourself. They made statements about their dreams and wishes before sharing the text. They explored verbs and used these to write commands that form instructions for being a mermaid.

Homework

Reading books will continue to be changed 3 times a week on a Monday, Wednesday and Friday. Please read with your child every evening if you are able for 10-15 minutes.

Spellings- please help your child to practise the spellings that are in their homework book linked to the History topic 'Castles'.

Maths

This week we have focused on naming and describing 2D and 3D shapes.

We have also continued to practise counting on from any given number to 100 and counting backwards from at least 20.

Homework

Please watch this song for counting backwards <https://cdn.jwplayer.com/players/HCOOKKg8-pevMHBJR.html>

Please complete the attached activity on shapes.

Water bottles and sun hats

As we approach Summer, we ask that you send your child to school with a water bottle which we can take outside at lunchtime so they can stay hydrated. In very warm weather, please make sure they also come to school with a hat and wearing sunscreen.

Biodiversity and Sustainability week 23.5.22

All the children participated in an array of diverse, engaging and educational activities which raised their awareness of environmental issues. The week finished with a 'Trashion show' where each class had the chance to design and make an outfit out of recycled materials linked to the theme of 'Kings and Queens' for the Jubilee.
