

Year 2 Homework Letter - Friday 15th July 2022

Thank you to parents who attended the Music Concert this week and who came to our Open Evening. It has been wonderful to have the school back open to all these events, and to be able to share our hard work across the curriculum this year. It's going to be a very hot last week so please remember bottles of water and sun cream.

English

This week we have continued our learning around the book 'A Walk in London'. We have written a short information booklet about South Nutfield, focusing on certain key landmarks and we used iPads to find out as much as we could. Now we are returning to London and its various landmarks. Our outcome will be a short tourist guide about our three favourite London landmarks.

Maths

This week we are recalling what we know about measure. We have talked about:

- Different types of measure
- Length, mass and capacity
- The units that we measure in - cm and m, g and kg and ml and l.
- Estimating how much tall or long something is, how much it weighs or how much liquid it holds.

This week's homework will be linked to our learning in Maths and will be on MyMaths.

Homework

As well as the Maths homework, please complete the spellings and please read for around 10-15 minutes a day and record in the reading record. It does not have to be a book from school it can be a book or comic of their choice, and a selection of fiction or non-fiction. The children can start to record their own entry each evening or ask an adult to sign it.

Trinity Gardens

We have been very busy weeding and watering in this hot weather! We are currently growing courgettes, cauliflowers, pumpkins and potatoes.

On a final note, I have loved every minute of my last 2 years with this class. From teaching over lockdown to being back in the class full time this year. We have made many happy memories which I will treasure, likewise I hope! And of course we say a sad farewell to Billy, Evie and Tinya. Good luck to each of you, keep in touch. We will all miss you very much.
