

Year 5 Homework letter - Thursday 30th June 2022

Thank you to all who came to Sports Day! Well done to St Andrews who won this year's trophy. Also, thank you to all those who sponsored their children during the hopathon. Please could all sponsorship money be paid via Sco pay or handed in by Friday 8th July.

English

This week we have continued with our new book 'The Last Bear' by Hannah Gold. We have read up to chapter 12. The children are really enjoying reading the book and have enjoyed especially learning about emotions and how emotions in a text can effect a reader.

Maths

We have been learning about line graphs this week. Line graphs are used when the data collected is continuous or can continue. For example, if we were identifying rainfall in a month, we would use a line graph to present the data as we could continue into the next month.

Design & Technology

We started our new project from 'The Dyson Foundation'. This is a series of design lessons that encourage the children to become design engineers and make models out of cardboard. The children have learnt all about design engineers and what the job entails.

Year 6 Residential

Thank you to those of you who came to Mrs Cox's residential meeting. She has also shown the children the PowerPoint and the video. All the information went home with the children on Wednesday. Please make sure you have read the information. If you have any further questions, do not hesitate to catch myself or Mrs Cox on the playground.

Homework

Spellings: There are spellings in the children's homework books. Please complete these and practise them at home.

English: There is a reading comprehension stuck in homework books. Please complete this.

Maths: Can the children collect some data over the weekend about temperature over 24 hours. You could do use a weather app to help you. Can the children create a line graph in their books. There is a template in their books ready.

Reading: Your child should be reading everyday for at least 20 minutes.
