

# <u> Year 4 Autumn Term Newsletter</u>

## English

punctuation in reading and writing. Much of this work will be taught through high quality texts which afford the children a range of opportunities to explore concepts and the use of language through drama and role play in addition to extending their reading and writing skills. Guided Reading sessions will focus on the children's comprehension skills. We expect all children to read regularly at home and ask that yellow reading diaries are kept in school bags so they can be accessed at school and at home. We encourage the children to write about their reading in these books and we appreciate your comments about their progress.	<u>Maths</u> Place Value - The children learned how the represent numbers to 1,000 - a concept the will be reinforced and built upon as the children begin to explore numbers over 11. Addition and Subtraction - The children leaner adding and subtracting 15, 105 and 1005 to/from any 3-digit number. This tend they will be learning to do this with 4-dig numbers and adding and subtracting multiples of 1,000. Area - The children will be learning that area is the amount of space taken up by two-dimensional shape or surface and will exploring different ways of working out area of a shape. Multiplication and Division - The children will be recapping and learning the times tables up to multiples of 12.
<b><u>R.E</u></b> This will continue to be taught across KS2 on Tuesday afternoons. This term, the children will be learning about <b>Hinduism</b> , in particular, the daily practices and what life is like as a Hindu. After half term, we will be thinking about the concept of <b>Wisdom</b> and in the run up to Christmas, our unit is called <b>Jesus and the gift of Peace</b> .	<u>Geography</u> During Geography lessons this term, we be concentrating on, locating features on world map, understanding/describing ho the world has been represented on maps different purposes and at different times Prime Meridian and the International D Line and time zones. After half term we be looking into weather and climate and
<u>Homework</u> Homework will continue to be sent home on Friday and should be handed back in by the following Wednesday. It will consist of an English & Maths task and daily reading.	understanding the difference between th <u><b>PPA</b></u> My weekly non-contact time will be on a Friday. The children will be taught by M Boyle for half a day. This day will follow usual routine.

# <u>Hígh Ashurst - 21st to 23rd September 2022</u>

# <u>Wellbeing</u>

This year PE will be taught by myself and falls under the Wellbeing strand. Please ensure your child's PE kit is in school on Monday. School PE kit consists of navy blue shorts/tracksuit bottoms, yellow PE T-shirt, trainers and socks (girls should not wear tights during PE sessions). Please ensure all items are named. All jewellery should be removed before the session. During our PE lessons we will be concentrating on cross country, tag rugby and handball. As part of our Wellbeing curriculum the children will be learning about healthy friendships, identity and exploring why it is important to be part of a community. P4C will also play a central role as well as our outdoor learning about minibeasts; designing and making a bug hotel for them in our wildlife area!

#### <u>Arts</u>

In Art lessons, we begin the year with a focus on developing the children's drawing and painting skills, including studying the work of Picasso. In music we use the Charanga music programme and this term's units are Mamma Mia! In French, we will be consolidating the work done in Year 3, the children will also learn vocabulary concerning school and home and practice speaking and writing in class. 

## Science, Computing and Design Technology

During Science this term our topics will be **Sound and State of Matter**. The children will recognise that sounds are made through vibration. They will find patterns between the pitch of a sound and the features of the object that produced it. After half term, we will be learning about **States of Matter**. This will involve comparing and grouping materials according to whether they are solid, liquid or gas. In computing this term we will use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.

## <u>Hístory</u>

This term the children will be studying The Ancient Greeks. The children will learn when and where the civilisations of Ancient Greece took place, comparing the Greek alphabet to our own, and retelling the story of the Trojan Horse. After half term, we will be learning about ancient Egypt, its culture and its way of life.

## <u>Key Dates</u>
