

## Year 2 Homework Letter - Friday 11<sup>th</sup> November 2022

This week, Year 2 have been busy practising for the Nativity. Also, in our Music lessons the children have begun to learn the ukele.

### English

This week we have continued our story 'The Journey Home'. We received a letter from the Natural History Museum asking us to find out about other endangered animals, so we worked in small groups to research some. We focused on the front cover and wrote commands instructing the animals what to do on their journey.

### Maths

This week we have been learning:

- 10 more and 10 less
- adding and subtracting 10
- adding 2 digit numbers

I have set an activity on Purple Mash.

We are now starting to learn our times tables - first 2, 5 and 10.

I would recommend:

- using the times tables 'toons' on Purple Mash or [www.timestables.co.uk](http://www.timestables.co.uk)
- they do need to be learnt the old fashioned way - by heart - and a simple poster in the house is always a good way to keep practising!

### History

This half term we are learning about habitats in Science. We will be making bird feeders so we are once again in need of large fizzy drink bottles and cardboard rolls (kitchen or toilet).

### Homework

Please practise the spellings on Purple Mash. This week they are common exception words. Children can practise them in practical ways - writing in flour or thinking of rhymes to help them remember them.

### Operation Christmas Child

Thank you so much to all the parents and children who sent in shoe boxes and individual gifts for this year's appeal. We now have 6 boxes filled with lots of exciting gifts which will bring joy to a young child somewhere around the world this Christmas.

Please practise the nativity lines at home - we are in full swing now! Any questions please ask.

It was lovely to see parents at our Remembrance Service today - thank you for coming.

Have a lovely weekend,  
Mrs Cordey and Miss Murray (Year 2)
