

## Year 3 Homework letter - Friday 18th November 2022

As the weather is beginning to take a turn, please do remember to bring your coats in daily.

### English:

The children have loved reading more of the 'The BFG' by Roald Dahl. They began the week by creating their own plans to help Sophie and the BFG to defeat the giants by using fronted adverbials to order the steps of their plan. They then began to plan their own story by creating their own human and giant characters.

### Maths:

This week, we have continued with multiplication. The children have focused this week on looking at the rules around multiplication and division for the 3 and 4 times tables. Next week we will be moving onto our 8 times table. This weekend would be a great opportunity to start practicing your multiples of 8!

### Multiplications:

The children have continued to learn their 3, 4 and 8 times tables. Please do continue to use Times Tables Rock Stars, play games, dance to 'Supermover' songs and complete quizzes to help improve their understanding and knowledge of these.

### Dates:

**Wellbeing P.E Morning**—Wednesday 23rd November Full outdoor P.E kit required.

**Inset day** - Friday 25th November.

**Parent and Carer Evenings**- 28th - 30th November

**Christmas Service**—Thursday 15th December at Christ Church.

**Last day of Autumn term** - Friday 16th December.

**Christmas Break** - 19th December 2022 - 2nd January 2023

Hope you all have a restful weekend.

Mr Bowen, Mrs Boyle and Mrs Russel.  
The Year 3 Team

### Homework

**Reading:** Please try to read every evening with your child. Do continue to ask them questions about what they have read to check their understanding.

**Maths:** This week's Maths homework will be set on MyMaths. This week's task will be to do with multiplication. The MyMaths logins can be found inside the children's homework books.

**Spellings:** Use the sheet provided to complete this week's spellings. An optional quiz will also be set on PurpleMash to complete.

**Multiplications:** Next week in our maths lessons we will be moving onto our 8 times table. This weekend would be a great opportunity to start practicing your multiples of 8!

**History:** This half term we are looking at the 'Stone Age'. Your homework will be to research two 'Stone age animals' of your choosing. Example: The Sabre Tooth Tiger, The Woolly Mammoth, The Dire Wolf and The Woolly rhinoceros. This can be completed using any media: posters, written fact file etc. Things you could include: When it lived, where it lived, its size, what it ate, is it still alive today (if not why?) a labelled picture of the animal and any other interesting facts. So there is plenty of time for you to complete this work the deadline for handing it in will be Wednesday 30th November. I would love for this work to be beautifully presented onto loose paper to create a classroom display to celebrate the children's hard work.

### Wellbeing Wednesday 23rd November

Next week the children of Year 3 will be partaking in the morning of P.E with a professional P.E coach. Therefore the children will need to bring in their full P.E kit. They will be doing activities outside so long trousers and a jumper are recommended.
