

Year 3 Homework letter - Friday 9th December 2022

English:

This week Year 3 have continued with their creativity! The children have finally finished their innovated story, based on their own giant. They have taken their characters on a journey linked to the sequencing of the original BFG text. To end the week the children have started to edit and write up their stories in neat—particularly focusing on handwriting. It has been delightful to see the children's inventive ideas coming to life and to see the end results. They have worked extremely hard and have all loved this half term's learning based on the BFG text.

Maths

This week in Maths we have been recapping on the column addition method. Particularly focusing on our layout and crossing the tens and hundreds value when solving questions.

Dates:

Christmas Service—Thursday 15th December at Christ Church.

Last day of Autumn term - Friday 16th December.

Christmas Break - 19th December 2022 - 2nd January 2023

Return to school—Tuesday 3rd January.

Year 3 Class collective worship—Wednesday 1st March 2023

Christmas has arrived at Nutfield Church School.

This week we welcomed the arrival of our School Christmas tree, however Year 3 also welcomed the added addition of their very own in their classroom. Next week please bring a bauble in to decorate the school tree.

Year 3 would also like to congratulate KS1 on their excellent Nativity performance, as they themselves know how much time and effort goes into the performance after completing their own a Year ago.. On Monday afternoon, KS2 had the privilege of seeing it before anyone else.

Homework

Reading: Please try to read every evening with your child. Do continue to ask them questions about what they have read to check their understanding.

Guided Reading:

Please read the comprehension text on 'Christmas' and answer the questions. You may choose to complete the reading comprehension in place of the children's daily reading.

Maths

This week's Maths homework will be on multiplication and division. This will be set on MyMaths. Logins for these can be found in their homework books.

Science:

In science this term we have been focusing on rocks and soil. Over the next week I would like the children to create a mini fact file on the 4 layers of the earth : the crust, the mantle, the outer core and the inner core. I would like them to tell me what each layer is made up from and what temperature each layer is. This can be created digitally or in a physical format.

Spellings: Use the sheet provided to complete this week's spellings. An optional quiz will also be set on PurpleMash to complete.

Christmas Dinner at school.

Next Wednesday, we will be having our school Christmas meal, as a whole school in the hall. On this day we would like to encourage children to wear Christmas jumpers and hats! This is not obligatory and is optional.

This will be my last homework letter of 2022!

Myself, Mrs Russell and Mrs Boyle have had a wonderful term teaching this Year 3 class. It has brought me great joy getting to know all the children over the last 4 months.

We all hope you and your families have a wonderful Christmas. Do rest up and we look forward to seeing you all in 2023!

The Year 3 Team
