

Year 5 Homework letter - Friday 12th May 2023

I hope you all had a lovely extended weekend! Year 5 have been incredibly supportive of Year 6 and their SA Ts this week!

English:

We wrote up our biography on Philippe Petit this week. The children then published them on Purple Mash; they are beautifully presented and I am so proud of them.

Starting next week, we will start our new book for Guided Reading and our English lessons. It is *The Last Bear* by Hannah Gold. We have enough copies for the children to share, but please feel free to buy your child their own copy.

Maths:

We have started our unit on shape and co-ordinates. We have focussed on the translation of shapes this week. Translating shapes is when you describe the movement of a shape on a grid.

Translating a shape
simply means
moving a shape

'translation 3 right'

Homework

Spellings: Please complete the second session on the spelling packs.

Reading: There is a reading comprehension for the children to complete.

Maths: This week, there are two worksheets to complete. One is a co-ordinates activity and the second is a game to play with the children.
