Maths

This week we revisited the concept of 1 more and 1 less. We explored this in the context of numbers from 50 to 100 by applying the counting skills developed earlier.

How can you show the number?

What does 1 more/less mean?

How can you find 1 more/less?

How can you use a number line to find 1 more/less?

How does this change the number? What digit(s) change?

Is it only ever the ones digit that changes?

Homework

Please complete the attached sheet on one more/one less.

Wisley trip

All the children were beautifully behaved on the school trip and a fantastic day was had. I hope that they have enjoyed telling you all about it. Thank you also to all the parent helpers, the trip would not be able to take place without your support. Photos to be uploaded soon onto the school website.

Have a lovely weekend,
