

Year 4 Homework Letter - Friday 23rd June 2023

Our Learning This Week

English

In English, the children have been focussing on reading and comprehension in preparation for the assessment they completed this week. They have worked hard and we are seeing good progress in this area of curriculum across the class. The children also wrote a short piece of assessed writing describing the civilisation they had designed inspired by our current story 'Westlandia'. The children have exhibited original and creative ideas writing about them in descriptive and engaging ways. Again, pleasing results have been achieved reflecting the progress the children have made.

Maths

The children have completed their Maths assessments this week comprising of an arithmetic paper and a reasoning and problem-solving paper. Over the past months the children have worked diligently to make good progress in this subject and I'm so pleased to say that this has been reflected in their assessment marks this week. Well done Year 4!

Expressive Arts

On Thursday morning, the children participated in an Indian Dance workshop. They learnt a choreographed sequence of moves taken from traditional and contemporary Indian styles of dance. The children focussed really well during the session listening well to the instructor and following his instructions to be able to dance a complex piece. They all seemed to enjoy the experience greatly.

Maypole - 24th June

Our performance starts at 12:30pm so please could children meet me at 12:15pm outside the Year 4 classroom in the undercover area. The dance will take between 15-20 minutes at which point the children will be free to go. I am very proud of the children for how well they have risen to this challenge and I have every confidence that their performance will be marvelous!

Wellbeing Wednesday

This half term the children will have a dedicated morning of sporting activities on Wednesday 28th June.

Homework

The children are to learn Week 3 spellings, complete the English activity on punctuation and complete the Maths activity on reflections. Please continue to practise all of their times tables. On Monday, the children will be making electrical circuits to make lights for the eyes of the Iron Man. Please could your child bring in a small cardboard box (for example, a cereal box and enough tin foil to cover it with, many thanks.
