### Art exhibition

I hope that you all had an opportunity at the Art exhibition this week to view all the amazing pieces of work.

### Maths

This week the children further developed their understanding of money by recognising and investigating the value of notes. They used their understanding of place value to compare the value of different notes, for example knowing that a £20 note has a greater value than a £5 note because  $20 > 5$ . They learnt that the larger the size of the note, the higher the value and explored how one note can have the value of many coins and/or notes. For example, a £10 note has the same value as two £5 notes or five £2 coins or ten £1 coins. We also discussed why we use notes as well as coins.

### Homework

Please complete the set related activities on Purple Mash and the below task:

Ask the class to imagine they are at the fair. To go on the rides, they must use 1 pound coins, but they only have a selection of notes. They need to change their notes into the correct number of 1 pound coins at the change booth.

Ask how many 1 pound coins they will get for a £5/£10/£20 note.

### Transition day

All the children were extremely excited about spending an afternoon in their new class, Year 2 with Miss Mitchell. They all reported back that they had a lovely time and were looking forward to September. I am so proud of them all and will miss them. It has been an absolute privilege to teach them this year.

Have a lovely weekend,

Year One team
