

Dear Miss Woods

I would really like to come to the Adult Ambassadors meeting because I would like to have a few more things for people who are disabled. So if someone joined the school and they were deaf like I could think about adding Sign Language for something to learn. It would also be useful for people coming from a different country. For some disabled people it can sometimes be a bit hard having to sit down for a long period of time, so sometimes they might have to go on a little walk and animals could help them relax. I also have a lot of experience because of my brother Edward; it can sometimes be a bit hard to control. Sometimes you will have to be a bit stern with them. I would also really like to hear an adult opinion to see what ideas they have. I would really like to come hope you choose me.

Thank you for reading,  
Bonnie Clark.

Dear miss Woods

I would like to attend your meeting because I would like help the people who are disabled and stop all racist people in the world. I would like to find out what the adults opinion on these subjects are and maybe why they are doing this and what they want to do about it. AS we have people coming from Ukraine maybe we can talk about that and see if there's anything else we can do to help and if we do get anyone else coming from other places make sure there welcome and don't get treated differently

Your Sincerely

Isabelle Hazard

Dear Miss Woods,

I would like to attend your Equality Ambassadors adult meeting, because I was once told that I could not play football because I was a girl, and I would like to change that. Girls can do anything but some people don't see that in us. I would like to see what the adults think of this. Also my brother is always mean to me and he also has type 1 diabetes and when he goes really low I get quite worried about him. Thank you for reading my letter.

Yours Sincerely  
Eve Rowland

Dear Miss woods,

I would like to ~~aply~~ to be in the adult meeting because I have a family member with a disability and I would like to know how and what are are going to do about it. I have also come across some people saying that boys cant <sup>wear</sup> skirts or dresses and girls cant <sup>wear</sup> shirts or have short hair. THANK YOU for helping us out.

from and by  
Izabelle !!!

Dear Evie

Many thanks for your letter which I received this morning. I am glad you wrote to me and thought the ideas you had are really important.

I would like to invite you to the adult Equality Group meeting which will be held on Friday 24<sup>th</sup> March at 2-3pm. It will be held in the Southwark Room. I have told Miss Mitchell who is (quite rightly) very proud that you wrote to me, to express your interest in my invitation.

The adult Equality group has only met once so far but in our meeting we agreed to think about:

- Race and Culture
- Religion
- Different Family Structures

I was disappointed to hear in your letter that you have been told that 'because you were a girl you couldn't play football'! I do hope that wasn't here at Nutfield Church. If it was, I think we should not accept that. I would happily step in and help you with this or, if you would like, you could speak with Miss Mitchell. I am glad you raised it though, well done!

The issue you raised about diabetes is interesting. We need to think more about children with medical conditions. It may be something you want to ask about it the meeting or just say why it's important to you.

You are a credit to your teacher and to your family. I hope they are as proud of you as I am!  
I look forward to seeing you at the meeting.

Kind Regards,

Imogen Woods

I did also mention to the group that Pupil Parliament were asking about what we can do to make our school more accessible for anyone in wheel chairs and that led to a wider conversation about disability. I think therefore that your experiences of having a family member with a disability will mean that your comments would be very valuable indeed .

I absolutely agree with what you wrote: that we should all look for ways to 'help disabled people and stop all racist people in the world'.

I thought your idea of discussing what we can do to help our Ukrainian friends and classmates further was well timed and very kind. I am sure we can have that conversation in the adult meeting. I think the adults would value your thoughts on the matter.

You are a credit to your teacher and to your family. I hope they are as proud of you as I am!  
I look forward to seeing you at the meeting.

I was surprised that you have come across people who say things about what people can wear! I think all the adults know that we can all wear what we like (regardless of age, gender or race). It would be good for me to know more if you think it's something that we as an Equality Ambassadors Group need to address with the school. Do let our Vice Chair or Admin assistant know if you would like it added to our next agenda!

Dear Bonnie

Many thanks for your letter which I received this morning. I am glad you wrote to me and thought the ideas you had are really important.

I am glad you raised the issue of disability too. It is something we have discussed with Pupil Parliament too. I have also touched on it with the adult Equality Group and Governors as I want to make the school more accessible for all people. Your experience and expertise in this area are really important to us; thank you for asking to join the adult group to share your ideas.

I love the idea of learning sign language you raised in your letter. I have discussed this in the past with Mrs Rutter – she, as you know knows Makaton well. I would love to have a teacher of British Sign Language one day!

So we can be sure your ideas are brought up and we make time to listen to you, I would like to invite you to the adult Equality Group meeting which will be held on Friday 24<sup>th</sup> March at 2-3pm. It will be held in the Southwark Room. I have told Miss Mitchell who is (quite rightly) very proud that you wrote to me, to express your interest in my invitation.
