

NUTFIELD CHURCH (C OF E) PRIMARY SCHOOL

## Records Management Policy

### Vision

We fully embrace the vision stated in the Church of England's Vision for Education 'Deeply Christian Serving the Common Good' published in July 2016 of educating the whole person. We aim for our children and members of the wider school community to flourish in all they do and 'live life in all its fullness'. (John 10:10)

### Values

- We are a church school, which believes in the importance of **community**, where people from all races, religions and cultures act in **peace** together.
- Our pupils, staff and families work together as a team, with **wisdom** supporting each other through our learning. We have **hope** in our challenges and in our successes.
- We recognise the **dignity** and ultimate worth of each person, created in the image of God, further shaped by the person, teaching and example of Jesus. We look to the future with **joy**.

## 1. Aims

Nutfield Church (C of E) Primary School recognises that by efficiently managing its records, it will be able to comply with its legal and regulatory obligations and to contribute to the effective overall management of the school. Records provide evidence for protecting the legal rights and interests of the school, and provide evidence for demonstrating performance and accountability.

This document provides the policy framework through which this effective management can be achieved and audited. This policy supports the school in meeting its responsibilities under the General Data Protection Regulation and the Data Protection Act 2018. The policy is created from a template provided by the Information and Records Management Society.

### This policy covers:

- Scope
- Responsibilities
- Relationships with existing policies

## 2. Scope of the policy

- a. This policy applies to all records created, received or maintained by staff of the school in the course of carrying out its functions. Also, by any agents, contractors, consultants or third parties acting on behalf of the school.
- b. Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received, and then stored, in hard copy or electronic format e.g. paper documents, scanned documents, e-mails which document business activities and decisions, audio and video recordings, text messages, notes of telephone conversations, presentations etc.
- c. A small percentage of the school's records may be selected for permanent preservation as part of the institution's archives and for historical research. This should be done in liaison with the local county archives centre.

The Governing Body has a statutory responsibility to maintain the school records and record keeping systems in accordance with the regulatory environment. The Governing Body has delegated this overall responsibility to the Headteacher.
