

## Year 2 Homework letter—Friday 14th June 2024

Mrs Brooks has a collection of ornaments, figures and trays which have been returned from last term's Easter Garden competition. If you would like these back, please could your child see Mrs Brooks at a convenient point to collect them from her.

### English

*We have continued with our book 'Rosie Revere, Engineer' this week. We have been learning about inventions and how to write instructions on how to use a product. To understand how specific you must be when writing instructions, the children were asked to instruct me on how to make a ham and cheese sandwich. They had a brilliant time being explicit with their instructions and watching them not work as how they would like!*

### Maths

*In Maths, we have been learning about statistics! The children have conducted several surveys of the school grounds and collated data in the form of a tally chart, pictogram and a table!*

### Design and Technology

*This week, we learnt how to make a kite! The children were given wood, string and plastic bag and were given instructions on how to construct it. The children all managed to use their skills to tie the wood together and construct the very basic structure. Next week, we will be adding the tail and string. On the next windy day, we will be trying to fly them!*

### Homework

**Spellings:** Please complete the spellings set on PurpleMash.

**Reading:** Please read with the children for 15 minutes every day and note this in the children's reading logs.

**Maths:** Please log onto Times Table Rock Stars and complete the gig.

*We hope you all have a restful weekend.  
Miss Mitchell, Miss Murray and Mrs Fowler*

### Message from Mr Bowen

*Now that our Year 6's have entered their final term at Nutfield Church, excitement is building within their classroom as they begin their Enterprise Project. The aim of the project is for the class to research, gather data, design and create a product to sell for profit. This year, the groups have designed a range of drinks and sweet treats! Any profit will be put towards their Year 6 leavers' party. After school on Friday 21st June, on the school playground, Year 6 will be selling the products they have. We would really appreciate your support of their business enterprise, so please bring your £1 and 50p coins in order to purchase their tasty treats!*

### Sports Day

*As you may know, Sports Day is on Thursday 27th June. To save time on this very busy day, children who are in football club, should remain in their PE kit but can put on their shin pads and bring their football boots.*
