

Year 3 Homework letter - Friday 6th December 2024

English:

This week we have continued to read 'The Tin Forest' which is about caring for the environment, and the importance of hopes and dreams. We have enjoyed reading the story and thinking about the main character and where he lives. We came up with verbs about how he can make his home better, so we came up with instructions to help him. Also we talked about synonyms for sad and thought about what he might do to cheer himself up.

Maths:

This week in Maths we have been practising the formal methods used in addition and subtraction, especially when exchanging, we will be practising in class over the last few days and have completed our end of unit assessment. We have moved onto multiplication and division so keep practising the times tables on TTRS!

Homework

Reading: Please try to read every evening with your child. Do continue to ask them questions about what they have read to check their understanding.

Multiplication: Please use Times Tables Rock Stars to help improve your child's understanding and knowledge of these. I recommend a few 10 minute sessions a week to practise and of course we now have a trophy to play for! It is a fun and interactive way to improve number fluency.

Spellings: Use the sheet provided to complete this week's spellings. An optional quiz will also be set on Purple Mash to complete. This week's words are a mix of words.

Science—Rocks and Soils

Thank you to Mr Nicholson who provided us with 7 different types of soil for our soil investigation. On Wednesday, we went outside and carried out two investigations looking at the texture of the soil by seeing if we could make a ball, and then added water to see what would happen to it. We really enjoyed it!
