

Year 2 Homework Letter Friday 12th September 2025

Welcome back! Thank you to all parents who attended our 'Meet The Teacher' meeting last week. The presentation is on the website should you like to look at it. Please let us know if you would like an update on anything - we are always happy to have a meeting with you.

English, Maths and Reading.

This week was assessment week and the children were assessed in Reading, Writing and Maths. The purpose of this is to enable us to identify any gaps in your child's previous learning from Year 1. Knowing this allows us to address these gaps promptly so your child can make the best possible start to Year 2. We are very proud of how hard the children have worked since coming back and they have tackled each 'special challenge' with great enthusiasm and dedication. Year 2 is a step up in terms of expectations of behaviour as we get the children ready for their journey through Key Stage 1 and into Key Stage 2.

Reading

We have been so pleased with the effort the children have put in this week in regards to reading at home. Every time the children read at home they are awarded a team point and in Year 2 this week, the team point pots are overflowing! Thank you for your continued support and it has been lovely to see the children so engaged with their reading.

In Guided Reading this week, we have been learning all about the challenges orangutans face currently as their habitats are being destroyed for the production of palm oil.

PE

Thank you for sending the children in their PE kits on Friday! It made such a difference to the amount of time we had during our lesson. Please do look out for the weather, we will be doing PE outside as much as we can, so do ensure your child has a coat, jumper and jogging bottoms.

We hope you all have a restful weekend.

Mrs Boyle, Miss Hancock and Mrs Constantin -
The Year 2 Team!

Homework

Spellings

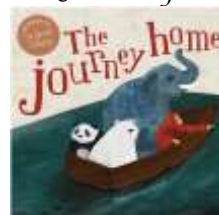

This week's spellings will be set on Purple Mash. We have taught the children how to log on and access the spellings. Any problems please come and speak to us. Logins have been placed into the back of the reading records.

Maths

In Maths this week, we have been revising numbers up to 20, partitioning numbers up to 100 and making groups of 10. The children have enjoyed using various resources to demonstrate the above.

English

This week in English we have started a book called 'The Journey Home'.

We have investigated which animals' footprints belong to which animal and discovered one animal footprint that did not belong to any of the animals.

Dates
